CONFERENZA INTERNAZIONALE / INTERNATIONALE TAGUNG / INTERNATIONAL CONFERENCE

**I COMUNI UNISCONO LE FORZE PER TROVARE
SOLUZIONI ENERGETICHE SOSTENIBILI**

**GEMEINSAM NACHHALTIGE UND KONKRETE
ENERGIELÖSUNGEN IN GEMEINDEN UMSETZEN**

**MUNICIPALITIES JOIN EFFORTS FOR SUSTAINABLE
AND CONCRETE ENERGY SOLUTIONS**

11.10.2018, ore 10.00 – 16.00 Uhr
Castel Mareccio, Bolzano/Bozen

This Project is co-financed by the European Regional Development Fund through the Interreg Alpine Space Programme

Il Team di Progetto / Das Projektteam / Project's Partnership

I COMUNI UNISCONO LE FORZE PER TROVARE SOLUZIONI ENERGETICHE SOSTENIBILI

PEACE_Alps ha supportato circa 250 amministrazioni pubbliche dell'area dello Spazio Alpino nell'accomunare necessità locali simili, fornendo soluzioni centralizzate sulla gestione energetica, l'efficientamento di edifici pubblici e illuminazione stradale e l'adattamento al cambiamento climatico grazie a un approccio transnazionale comune calato a livello locale inter-comunale. La Conferenza presenta i risultati finali del progetto, le linee guida politiche basate sull'esperienza acquisita e le buone pratiche messe in atto, con lo sguardo rivolto alle future strategie europee in campo energetico. Il progetto ha vinto l'EUSEW AWARDS 2018 nella categoria Pubbliche Amministrazioni.

GEMEINSAM NACHHALTIGE UND KONKRETE ENERGIELÖSUNGEN IN GEMEINDEN UMSETZEN

Im Rahmen des Projekts **PEACE_Alps** wurden rund 250 Gemeinden im Alpenraum dabei unterstützt, ähnliche lokale Bedürfnisse zu bündeln und zentrale Lösungen mithilfe eines transnationalen und gemeinsamen Ansatzes zu finden. Die berücksichtigten Themen sind gemeindeübergreifend und umfassen Energiemanagement, energetische Sanierung öffentlicher Gebäude, Straßenbeleuchtung sowie die lokale Anpassung an den Klimawandel. Im Rahmen dieser Konferenz werden die Projektergebnisse sowie politische Empfehlungen vorgestellt, die sich auf die gesammelten Erfahrungen und die umgesetzten Best Practices stützen. Schwerpunkt sind ebenso künftige europäische Strategien im Energiebereich. Das Projekt gewann den EUSEW AWARD 2018 in der Kategorie Öffentliche Verwaltung.

MUNICIPALITIES JOIN EFFORTS FOR SUSTAINABLE AND CONCRETE ENERGY SOLUTIONS

PEACE_Alps has supported about 250 municipalities in Alpine Space Area in bundling similar local needs and setting up centralized solutions on energy management, energy refurbishment of public buildings and streetlights, and local adaptation to climate changes by using a transnational common approach at a local inter-municipal level. The conference presents project results, policy recommendations based on the experience acquired and best practices achieved, focusing on future European strategies. The project won the 2018 EUSEW AWARDS in the Public Administration category.

PROGRAMMA/PROGRAMM/PROGRAMME

- 09,00 Registration
- 10,00 Welcome speech
Irene Senfter, Ökoinstitut Südtirol / Alto Adige

Part 1 New approaches and future perspectives

- 10.15 Presentation of the **PEACE_Alps** project
Silvia Riva, Regione Piemonte
Silvio De Nigris, Regione Piemonte
- 10.40 Energy strategy for the future
TBC, Representative of the DG Energy/ DG Regio
- 11.00 Alpine Space Program – Low carbon priority for 2030
Anne-Séverine Lay, JS / Alpine Space Programme
- 11.20 Coffee break

Part 2

Recommendations for future action

Moderator: **Stefan Drexlmeier**, EWO

- 11.40 Roundtable 1: Financing aggregated project
Emanuele Sascor, Energy manager of the municipality of Bolzano
Nicola Giampaolo, Lawyer and consultant for PPP procedures in Italy
TBC, Representative of the DG Energy/ DG Regio
- 12.10 Roundtable 2: Capacity buildings/mutual learning/knowledge transfer
Martine Felber, Planair SA
Emilio Vettori, Ökoinstitut Südtirol / Alto Adige
Katrin Jurisch, Climate Alliance
- 12.40 Roundtable 3: Governance
Andrea Dornhofer, Energy and Innovation Centre of Weiz
Sara Verones, Province of Trento
Maren Meyer, Energy Agency South Tyrol-CasaClima
- 13.15 Light Lunch

Part 3

Get inspired!

Moderator: **Stefan Drexlmeier**, EWO

- 14.30 Energy management
Energy alliance in order to implement energy management and the district wide benchmarking in the Allgäu Region (GER)
Energy and Environmental Centre Allgäu
- 14.50 Adaptation to climate change
Climate change: what and how to cope with? exchange of practice between local stakeholders in the Rhône-Alpes Region (FRA)
AGEDEN Association for sustainable management of energy
- 15.10 Energy management
Joint presentation about respective energy management projects in the Kranj and Pomurje region (SLO)
Business Support Centre Kranj/Development Agency Sinergija
- 15.30 Energy refurbishment
How to pool refurbishment projects in natural parks of Rhône-Alpes Region (FRA)
Auvergne-Rhône-Alpes Energy Environment Agency
- 16.00 Conclusions
