

**Allegato 1**

**GRADUATORIA FINALE DEL BANDO REGIONALE  
"RICERCA INDUSTRIALE E/O SVILUPPO SPERIMENTALE NELL'AMBITO DEI SISTEMI AVANZATI DI PRODUZIONE - 2008"**  
*Approvato con D.D. n. 44/2008 nell'ambito del POR-FESR 2007/2013.*

*Obiettivo Competitività regionale e Occupazione - Asse 1 - Attività I.1.3. - Innovazione e PMI*

1	<b>Flex-Mech</b>	New advanced mechanical systems for flexible and customized production	Comau S.p.A.	<b>8,96</b>	<b>Approvato e finanziato</b>	898.677,8	898.677,80
2	<b>TOP</b>	Technology Optimisation for new generation of composite	Aviospace srl	<b>8,94</b>	<b>Approvato e finanziato</b>	899.299,6	1.797.977,40
3	<b>MANU M5</b>	MANU M5: Study, design, development and realization of a reconfigurable production system for aeronautical gears, holistic of methods, fixtures, tools, coolant, measurement and human interaction	FMT GROUP S.r.l.	<b>8,93</b>	<b>Approvato e finanziato</b>	902.013,4	2.699.990,83
4	<b>roboman</b>	Robot manipulator for the reduction of decomposed pelvic and femur fractures.	Intrauma S.r.l.	<b>8,88</b>	<b>Approvato e finanziato</b>	985.095,9	3.685.086,73
5	<b>Refiflex</b>	Design and Implementation of an Innovative Flexible Process and Organisational Workflow for Production of Commercial Refrigerating Systems	Mondial Group s.r.l.	<b>8,85</b>	<b>Approvato e finanziato</b>	451.054,5	4.136.141,24
6	<b>ASK</b>	Innovative auxiliary steering knob including vehicle function activation for drivers with disabilities	PEGASO s.r.l.	<b>8,83</b>	<b>Approvato e finanziato</b>	469.055,4	4.605.196,67
7	<b>CHOC&amp;TECH</b>	INNOVATIVE CHOCOLATE CONCHING PROCESS WITH NEW ENERGY TRANSFER TECHNOLOGY	Ferrero Ingegneria S.p.A.	<b>8,70</b>	<b>Approvato e finanziato</b>	684.191,7	5.289.388,41
8	<b>INNO-BALL</b>	Process and product innovation for a new-generation of steel and ceramic balls for metallic and hybrid ball bearing applications	NN EUROPE S.P.A	<b>8,65</b>	<b>Approvato e finanziato</b>	505.627,1	5.795.015,48
9	<b>ProTIAI</b>	Developing of a new concept for optimal production and machining of aerospace components in TIAI	Protocast S.r.l.	<b>8,55</b>	<b>Approvato e finanziato</b>	981.038,1	6.776.053,58
10	<b>Hybrake</b>	Intelligent Hybrid Materials for Brake Applications	ITT S.r.l.	<b>8,52</b>	<b>Approvato e finanziato</b>	987.270,8	7.763.324,43
11	<b>Tera-Fly</b>	Non Destructive Investigations on aeronautics composite multi-layered structures, based on Terahertz technologies.	NTT NEW TERA TECHNOLOGY S.R.L.	<b>8,49</b>	<b>Approvato e finanziato</b>	837.435,6	8.600.760,06

12	SIMECH	New Technologies and Intelligent Mechanisms for Very High Productivity Handling and Contacting of Miniaturized Semiconductor Devices	SPEA S.p.A.	8,41	Approvato e finanziato	930.315,3	9.531.075,34
13	PLASTICOLLAR	Industrialization of plastic collars production	Campia Imballaggi srl	8,25	Approvato e finanziato	278.236,5	9.809.311,83
14	GPSolar	Automatic tracking systems with novel integrated functionalities for Photovoltaic and Hybrid Photovoltaic-Thermal solar panels.	INTEGRA renewable energies S.r.l.	8,25	Approvato e finanziato	1.034.506,6	10.843.818,43
15	BtoFAIM	Innovative mechanical packaging method and interconnection process system for power semiconductor modules	Vishay Semiconductor Italiana Spa	8,20	Approvato e finanziato	605.035,8	11.448.854,19
16	F.i.de.i.e.s.	Fast Innovative Development of Lighting Equipments and Systems	OLSA S.P.A.	8,15	Approvato e finanziato	658.922,1	12.107.776,30
17	printTAG	Ink Jet printing technology for advanced electronics applications	Olivetti i-Jet S.p.A.	8,14	Approvato e finanziato	789.911,3	12.897.687,60
18	ISECOMP	Innovative Systems for Environmental friendly air COMPression	Faiveley Transport Italia Spa	8,13	Approvato e finanziato	877.979,2	13.775.666,76
19	Plasmafood	Automatic plasma sterilization for packaging and food no-food applications	VALIDA S.R.L.	8,10	Approvato e finanziato	546.808,7	14.322.475,44
20	MagDamp	Magnetostrictively actuated platform for milling-induced vibration damping	FIDIA Spa	8,06	Approvato e finanziato	774.634,3	15.097.109,75
21	ARSAMIP	An RFID-based Solution for Automatic Management of Industrial Processes (ARSAMIP)	CONSOFT SISTEMI S.p.A.	8,05	Approvato e finanziato	668.121,3	15.765.231,04
22	I2P	Research and development of innovative Steering Input Devices and of the related Advanced and Fully Automated Production System for Flexible Steer by Wire product family.	TESE0 Spa	8,04	Approvato e finanziato	493.875,0	16.259.106,05
23	Smart-Eco2	Separation Machine for Recovery of Tyres Elementary Components based on Efficient Cryogenic Operation	SOCIETA' PER AZIONI WICHELIN ITALIANA*S.A.M.I.	8,00	Approvato e finanziato	406.566,4	16.665.672,47
24	LASERFACTORY	Next generation of machines based on fiber lasers for massive production in the automotive and aerospace industry.	PRIMA INDUSTRIE - S.P.A.	8,00	Approvato e finanziato	813.425,4	17.479.097,91
25	Micro.Cost	Analysis, design, development and production methods of low cost eolic generators for microgeneration	Dellatronic International S.r.l.	7,96	Approvato e finanziato	713.330,5	18.192.428,38
26	S.P.O.S.DE.T.	SELF POWERED FLOATING DEVICE FOR SEA TRAFFIC DETECTION AND TRANSMISSION	Applicazioni Rielaborazioni Impianti Speciali Spa	7,85	Approvato e finanziato	731.442,1	18.923.870,52
27	INTEXUSA	INTELLIGENT INNOVATION FOR SUSTAINABLE TEXTILE PRODUCTION. Optimisation of dyeing processes with UltraSonic Technology and its integration with automatic on-line control	OBEM spa	7,82	Approvato e finanziato	1.076.129,5	20.000.000,03
