CIRCUS COMEDY CABARET

Los Fabulosos

By and with

Davide Demasi and Raoul Gomiero

It's Raoul who directs the performance in his guise as presenter, but it's not always so easy as it seems: David's presence is unexpected and upsets all his plans, giving rise to a whirlwind of comic situations and unexpected twists and turns that hover **between cabaret and traditional circus**. The rhythm is frenetic and the spectators find themselves constantly involved, thanks to technically very polished acts ranging from the most complicated **juggling** to an **acrobatic monocycle** that manages a three-metre jump. There's also a great **fiery finale**, that's highly memorable. With their original jokes, Los Fabulosos make friends with their audience and are skilled at establishing a relationship of complicity where you are taken by the hand, very gently but with great energy, into a microcosm that makes the distance between **circus and street art** appear closer and closer.

These skilled entertainers, versatile and chameleon-like but never banal, have gained their experience in the street and at the circus – as well as in the theatre, on television, in discotheques and at events such as galas and conventions. **Los Fabulosos** can successfully sustain lots of roles, and all at a standard of quality that has won them the **Regione Piemonte Prize** for exploiting artistic expression in the street. **Raoul Gomiero**, a street artist and professional juggler, trained at several famous circus schools (Chapitò in Lisbon, Circus Space in London) and has taken part in shows all over Europe. Davide De Masi – stage-name **Mr. David** – has a Fedec diploma and developed his career at Italian and European conventions. He combines his passion for the monocycle with the art of magic. Their artistic research has led them to continually discover new links connecting the twin worlds of circus and street performance.
