

WHAT'S IN THE ONLINE GUIDE?

This leaflet is for boys and girls in 2nd and 3rd Year at Middle School, their families and teachers.

Inside you'll find a quick guide to the educational and training opportunities available in Piedmont at the end of Middle School.

 www.regione.piemonte.it/orientamento/s1g/cms

on the **HOME** page you'll find

- A pdf version of the guide that you can download and print
- The Italian laws regarding compulsory schooling and the rights and duties to education
- The new High School education
- How and when to enrol at a school

in the section **SUGGESTIONS FOR YOUR CHOICE OF SCHOOL** you'll find

- guidance for choosing the right High School for you

To consult the guide you can

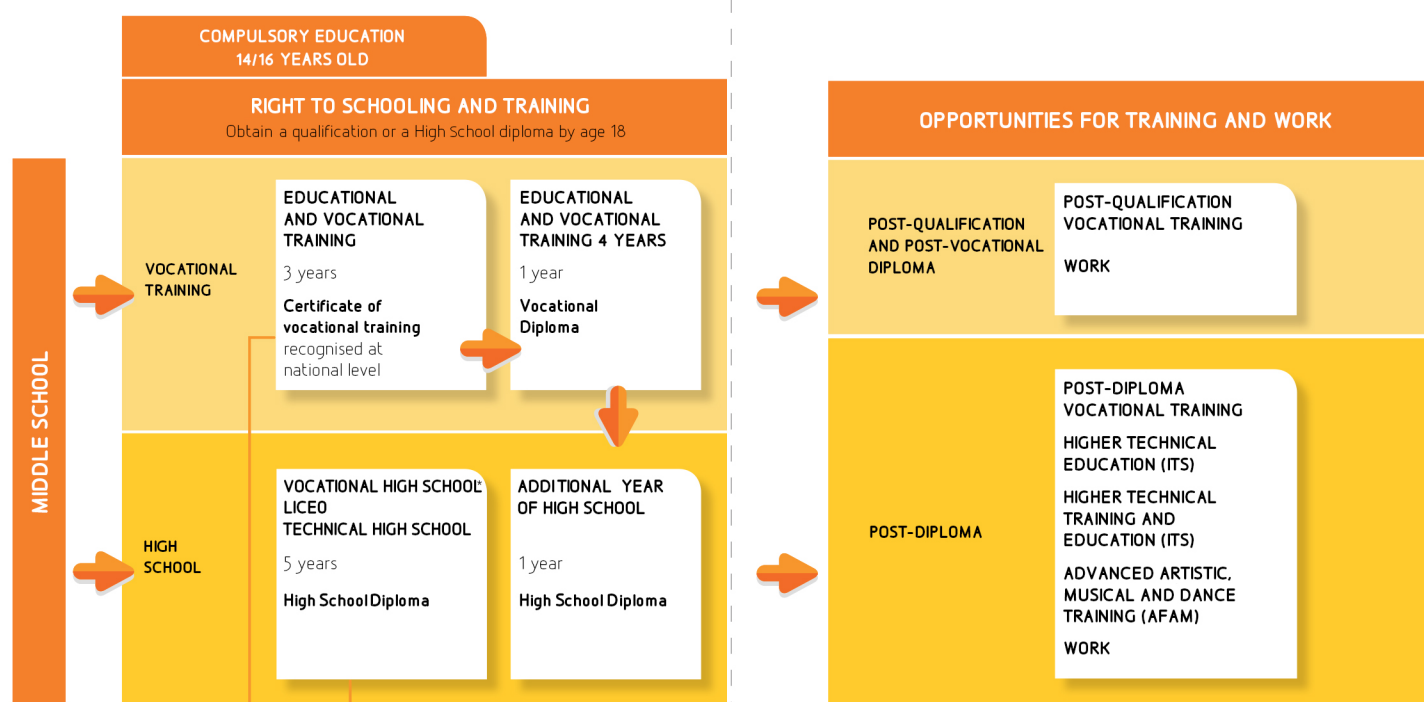

- › Go directly to the section
- › Use the **SEARCH (RICERCA LIBERA)**
- › Use the **GUIDED SEARCH (RICERCA GUIDATA)**

in the section **HIGH SCHOOL and VOCATIONAL TRAINING** you'll find

- a list and details of courses and training opportunities in each school or training centre
- information for foreign students
- information for students with disabilities and learning needs

in the section **USEFUL ADDRESSES** you'll find

a full list of schools, training centres, orientation helpdesks and Youth Information Centres with addresses, telephone numbers, email addresses and websites

THIS CERTIFICATE CAN ALSO BE OBTAINED THROUGH AN **APPRENTICESHIP** (at the age of 15) or by attending courses on the **DUAL SYSTEM (SISTEMA DUALE)** 400 hours of work experience and/or simulated company training

PATHWAYS FOR TRANSVERSAL SKILLS AND ORIENTATION
From 3rd year (no fewer than 90 hours for Liceo students, 150 hours for Technical High Schools and 210 hours for Vocational Schools).

* the majority of the Vocational Schools offer three-year courses which provide a Certificate of Vocational training. After this, you can continue your studies and get a Vocational Diploma or a High School Diploma. Check with the school itself to see what courses are available.

TIPS FOR CHOOSING THE RIGHT SCHOOL

- › Focus on what you are good at, your interests and likes
- › Try to imagine yourself as a "grown up" and think about your ideal job: What's it like? What don't you want to do?
- › Talk to your teachers, your parents and your friends about the choice you are making
- › Find out as much as you can about different schools (how many years it takes, what diploma you'll get, what you can do afterwards, where you'll be able to work)
- › Read as much as you can about different courses of study, visit school websites, go to Open Days and Orientation events
- › Go to the Orientation helpdesk in your school or in your area

- › Installing/maintenance of special systems for safety and cabling
- › Installing civil, industrial and tertiary electric systems
- › Installing civil systems and industrial automation
- › Installing and wiring electrical, electronic and fluid components

TEXTILE PRODUCTION OPERATOR

THERMOHYDRAULIC SYSTEMS OPERATOR

CHEMICAL PRODUCTION OPERATOR

ENROLING AT HIGH SCHOOL and VOCATIONAL TRAINING COURSES

You can apply for a place at a state High school online between January and February. Simply click on "[iscrizione online](#)" (www.iscrizione.istruzione.it/)

Applications open on different days each year and are decided in December by the Ministry of Education. Keep informed by consulting the online guide.

You can only apply for a place at one High School or Vocational Training.

However, when applying online, you can indicate two more preferences.

When a school cannot accept a student's application due to oversubscription, you will be offered a place at the school listed as the highest preference.

This process is carried out automatically by the school of your first choice.
